

Morning Fresh Ingredient Data

For medical information please contact us by email stating the exact product description, your postal address and contact telephone number. Our email address is: contactus@releasethelather.com

All the ingredients are described by their INCI name (International Nomenclature of Cosmetic Ingredients) and are listed in order of decreasing abundance by weight.

If no INCI name is available, then the European Pharmacopoeia (EP) name, the common chemical name or IUPAC (International Union of Pure and Applied Chemistry) name is used instead.

A table of correspondence between ingredient names (INCI, EP, common chemical, IUPAC) and CAS numbers is found on the European Commission website. The link is given below.

PZ Cussons UK Ltd., PZ Cussons House, Bird Hall Lane, Cheadle Heath, Stockport, Cheshire, UK. SK3 0XN.

Brand:	Morning Fresh
Product:	Washing Up Liquid
Variants (s):	Mint Fresh

Ingredients

Aqua,
Sodium Dodecylbenzenesulfonate,
Sodium Laureth Sulfate,
Alcohol,
Lauramidopropyl Betaine,
Lauryl Glucoside,
Isopropyl Alcohol,
Parfum,
Tetrasodium EDTA,
Benzisothiazolinone,
Colorant.

Change in Morning Fresh Formula - Production with batch date code numbers after 1098

The batch date code can be read as follows;

First 3 digits relate to the day of the year.

Example; January 1st would be identified as 001. 18th April would be 109.

The fourth digit identifies the year, so 18th April 2008 would be identified as date code 1098.
