Acquisition of Childs Farm - the UK’s leading baby and child personal care brand

21 March 2022

PZ Cussons plc (“PZ Cussons” or the “Group”) is pleased to announce that it has acquired the entire issued share capital of Childs Farm. Joanna Jensen, founder of Childs Farm, has subsequently made an investment into the PZ Cussons subsidiary that completed the acquisition such that PZ Cussons now holds a c.92% interest in Childs Farm for a total consideration of £36.8 million¹, with an agreed path to full ownership by the end of May 2025. The consideration will be fully funded by cash from existing facilities, reflecting the Group’s strong financial position.

Childs Farm is the market-leading brand in UK baby and child personal care². Product lines include bath and shower, skincare and haircare, and are all anchored in a natural proposition and suitable for sensitive skin.

The brand is highly complementary to our strategic focus behind the core categories of Baby and Hygiene. As we welcome Childs Farm to the PZ Cussons family as a Must Win Brand, we will leverage our Brand Building capabilities to improve its UK leadership position, while also seeking to capture its significant international potential.

Childs Farm has grown rapidly since it started trading in 2011, at highly attractive gross margins, and has established very strong sustainability credentials, through its cruelty-free and vegan products, and is well-progressed towards B Corp certification. Childs Farm’s founder, Joanna Jensen, will continue as an investor and as a champion of the brand, in both the UK and abroad.

Jonathan Myers, Chief Executive Officer of PZ Cussons, said:

“The foundations of our new strategy ‘Building Brands for life, Today and for future generations’ are firmly in place and are delivering results. As we transition from turnaround to transformation, we are delighted to take this important step to accelerate growth in our core categories and priority markets. Over the past decade, Joanna and her talented team have built a category-leading brand, loved by millions of parents seeking the very highest quality products for their children. Childs Farm is a clear leader in sustainability, demonstrating that we share a strong ethos, as PZ Cussons journeys towards our own B Corp ambition. We look forward to welcoming Childs Farm to the PZ Cussons family as a Must Win Brand, and to driving the next stage of its growth both in the UK, and beyond.”
Joanna Jensen, Founder of Childs Farm, said:

“I am incredibly proud of the brand that Childs Farm has become, and what the team at The Barn have achieved to bring natural, sustainable sensitive skincare to the little ones of Britain and beyond. It is clear to me that in PZ Cussons, with our shared vision for the brand and cultural fit, we have found a fantastic partner, and the team and I look forward to working with them to take the business to the next level.”

Further details of the transaction

Childs Farm’s founder, Joanna Jensen, has invested £3.3 million of the proceeds of the sale of her interest in Childs Farm in PZCA and now holds 8.1% of the issued share capital of PZCA.

The proposed acquisition of Childs Farm and subsequent equity arrangements with Joanna Jensen are a Class 2 transaction pursuant to the UK Listing Rules.
